ABOUT US

The Department of Business Management at Guru Nanak Khalsa College for Women, established in 2007, is committed to delivering world-class management education. The department's primary objective is to cultivate a new generation of dynamic, competent, and forward-thinking leaders, equipping them with the knowledge and skills essential for success in the global business landscape and ensuring exceptional career opportunities through top-tier placements.

The Bachelor of Business Administration (BBA) program, a comprehensive three-year professional degree, is designed to impart advanced managerial and entrepreneurial skills, preparing students for leadership roles across diverse sectors. As one of the most coveted undergraduate degrees in the field of management, the program opens doors to a wide array of rewarding career pathways. The program is open to students from all academic backgrounds and provides an in-depth understanding of business administration through a combination of rigorous academic coursework and hands-on learning experiences, including internships and practical projects.

This BBA program lays a solid foundation for further academic advancement, offering seamless progression into prestigious postgraduate programs such as MBA, M.Com, M.A., Master in Finance & Control, or specialized fields like trade, law, finance, communication, and more. Graduates of the program are well-equipped to pursue diverse career opportunities across various sectors, including marketing, finance, banking, sales, business consultancy, advertising, education, and manufacturing, to name just a few.

The curriculum is meticulously crafted to develop critical business acumen, enhance analytical thinking, and sharpen decision-making abilities, empowering students to thrive in today's competitive global market. In addition, the program emphasizes leadership development, fostering the essential skills required to manage and lead organizational functions effectively.

BBA graduates from Guru Nanak Khalsa College for Women are positioned for rapid career growth, with abundant opportunities for both professional advancement and financial rewards. The curriculum covers core subjects such as Principles and Practices of Management, Managerial Economics, Accounting, Communication, and Information Systems, while also focusing on the development of executive leadership, strategic thinking, and managerial expertise.

By integrating a strong foundation in general education with specialized business skills, the Department of Business Management ensures that its graduates are not only well-versed in business theory but also equipped with the practical skills necessary to excel in a rapidly evolving business environment. Ultimately, the program aims to develop well-rounded, visionary professionals prepared to meet the challenges and seize the opportunities of tomorrow's business world.

INTRODUCTION OF NEP 2020

The introduction of the **National Education Policy (NEP) 2020** in colleges marks a transformative step toward enhancing the Indian higher education system. NEP 2020 aims to make education more inclusive, flexible, and aligned with global standards, while also preserving the rich cultural heritage of India.

The implementation of the four-year undergraduate program under NEP 2020 is a complex and challenging task, given the wide array of new choices and the detailed credit allocation across various subjects. The department has made comprehensive preparations to ensure the smooth assimilation of the NEP framework. This includes adapting to the restructured curriculum that offer diverse choices through **Skill Enhancement Courses, Value-Added Courses, and Multidisciplinary Courses**, thereby providing students with greater flexibility and opportunities for a well-rounded education.

Faculty members have undertaken extensive training to adapt to the new teaching and assessment methodologies, with an emphasis on fostering critical thinking, practical application, and a holistic approach to learning. Additionally, initiatives are being implemented to ensure a seamless transition to the new system for both students and staff. This includes regular orientations, workshops, and robust support systems designed to address any challenges during the implementation process.

The department is committed to embedding the **core values of NEP 2020— inclusivity, quality, innovation, and research—into the academic experience.** This approach aims to equip students with the knowledge, skills, and mindset necessary to thrive in a dynamic and rapidly evolving world.

Relationship between job stress and employees' creativity: the mediating role of job satisfaction

by Soni Rathi; Praveen Kumar; Minika Bawa; Nishu Rani Garg
Middle East J. of Management (MEJM), Vol. 11, No. 6, 2024

Abstract: The purpose of this article is to identify the role of job satisfaction as a mediating variable between job stress and employees' creativity. The present paper considered a sample of 250 teachers of colleges as respondents in the area of Chandigarh (India). The article followed an exploratory cum descriptive research design. The structural equation modelling through Smart PLS professional software v3.3.2 was applied to understand the structural relationships amid the constructs of the model, the data of which was collected through questionnaire. The findings have observed relations among job stress and employees' creativity, job stress and job satisfaction and job satisfaction and employees' creativity among college teachers in India. Also, job stress and employee creativity are significantly mediated by job satisfaction. Moreover, the organisations, practitioners, academicians and educational institutes would get the benefit of this research to practice and apply policy implications. The study limitations and future research are also mentioned.
