3.4.1 - Extension activities are carried out in the neighborhood community, sensitizing students to social issues, for their holistic development, and impact thereof during the year 2023-24

Our college has been deeply involved in various social outreach activities through its National Service Scheme (NSS) units, National Cadet Corps (NCC) Army Wing, and other student-led societies, clubs, and a women's cell. These activities aim to sensitize students to social issues, enhance their community engagement, and contribute to their overall personal and academic growth. The consistent leadership and dedication of Dr. Neetu Prakash, Mrs. Satwant Kaur, and ANO Lt. Sukhjit Kaur, as program officers, has played a vital role in promoting social responsibility among students. Their guidance has helped organize and execute a variety of outreach programs that address important community concerns.

National Service Scheme (NSS) Activities:

The NSS units of our college, under the leadership of Dr. Neetu Prakash and Mrs. Satwant Kaur, have worked tirelessly to promote social service, environmental sustainability, and public health. These initiatives have been designed not only to benefit the local community but also to foster empathy, discipline, and civic responsibility among students.

2. Environmental Sustainability and Cleanliness Drives:

National Cadet Corps (NCC) Activities:

The NCC activities also focus on instilling a sense of responsibility towards national development and environmental sustainability.

Ek Bharat Shreshtha Bharat (EBSB) Club Activities (2023-24)

The **Ek Bharat Shreshtha Bharat (EBSB)** initiative, coordinated by Dr. Neetu Prakash and Mrs. Satwant Kaur, was established to encourage students to celebrate the rich diversity of India and promote unity and integration across various regions. The EBSB club engaged in multiple activities during the year, focusing on cultural exchange, understanding regional differences, and strengthening the fabric of national unity.

1. Cultural Exchange Programs:

- **EBSB Camp:** A special EBSB camp was organized where students from different states participated in activities that promoted understanding and appreciation of each other's cultures, languages, and traditions. The camp served as a platform for students to share their cultural practices, which helped in fostering national unity.
- **Regional Cultural Awareness:** As part of this initiative, students from different states presented regional music, dance forms, and traditions. This helped bridge the gap

between students from diverse backgrounds and enabled them to celebrate India's rich cultural diversity.

2. Promoting National Unity and Integrity:

- **Panch Pran Pledge & Maati Anthem:** To emphasize national unity, students participated in the Panch Pran Pledge and sung the Maati Anthem as part of the Meri Maati Mera Desh campaign. These activities encouraged students to reflect on their role in national integration and pride.
- **Partition Horrors Remembrance Day:** In collaboration with the EBSB initiative, the college observed Partition Horrors Remembrance Day to honour the sacrifices made during India's partition. Students participated in a two-minute silence and face painting competition to commemorate this solemn occasion.

3. National Observance and Civic Engagement:

- **Republic Day and National Unity Day:** As part of EBSB, the club organized various events on Republic Day and National Unity Day, including flag hoisting, cultural performances, and speeches, reinforcing the importance of unity and solidarity across the nation.
- **Road Safety and Traffic Rules Awareness:** EBSB also contributed to creating awareness about road safety through engaging quizzes and campaigns aimed at educating the community about traffic rules.

4. Engaging with Social Issues:

- **Youth Talent Show and Teej Celebrations:** To celebrate youth talent and social diversity, the EBSB club hosted a Youth Talent Show where students from various cultural backgrounds showcased their skills.

Unnat Bharat Abhiyan (UBA) Activities and their Role in Holistic Student Development and Community Engagement

Under the Unnat Bharat Abhiyan (UBA) initiative, our college has been actively involved in various programs aimed at empowering rural communities and addressing challenges in rural development. These activities not only contribute to the betterment of rural communities but also play a crucial role in the **holistic development** of students and their engagement with the **local community**.

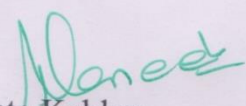

Key UBA Activities:

1. **Medical Camp in Villages:** Our College organized a medical camp providing free health check-ups, medicines, and health education on hygiene and basic healthcare to underserved rural populations. This activity directly impacted the health and well-being

- of the villagers while offering students the opportunity to gain practical, hands-on experience in healthcare service delivery and community health education.
2. **POSHAN MAAH (Nutrition Month):** We participated in awareness activities to promote nutritional education, focusing on healthy eating habits, especially for women and children. The initiative included nutrition workshops, distribution of health supplements, and malnutrition awareness campaigns. Through these activities, students developed leadership and organizational skills, while simultaneously contributing to the health and nutritional awareness of rural populations.
 3. **Voter Awareness Drive in Kheri and Jhameri Villages:** To empower rural communities, we organized a Voter Awareness Drive in Kheri and Jhameri villages. The drive educated villagers about their voting rights, electoral processes, and the importance of participating in the democratic system. This engagement helped students understand the significance of democratic participation while fostering a sense of responsibility and civic duty.

By engaging students in community-centered activities such as medical camps, voter education drives, and nutrition awareness, Unnat Bharat Abhiyan (UBA) contributes significantly to both **holistic student development** and **community engagement**. Through these activities, students not only enhance their leadership, organizational, and interpersonal skills but also develop a deeper sense of social responsibility and empathy.

UBA's focus on rural development ensures that students are equipped to become **responsible citizens**, capable of contributing to the well-being of society while simultaneously benefiting from the personal growth that comes with active community involvement. This dual emphasis on **student empowerment** and **community development** makes UBA a transformative experience that shapes students into socially-conscious leaders of tomorrow.
