Solid waste management

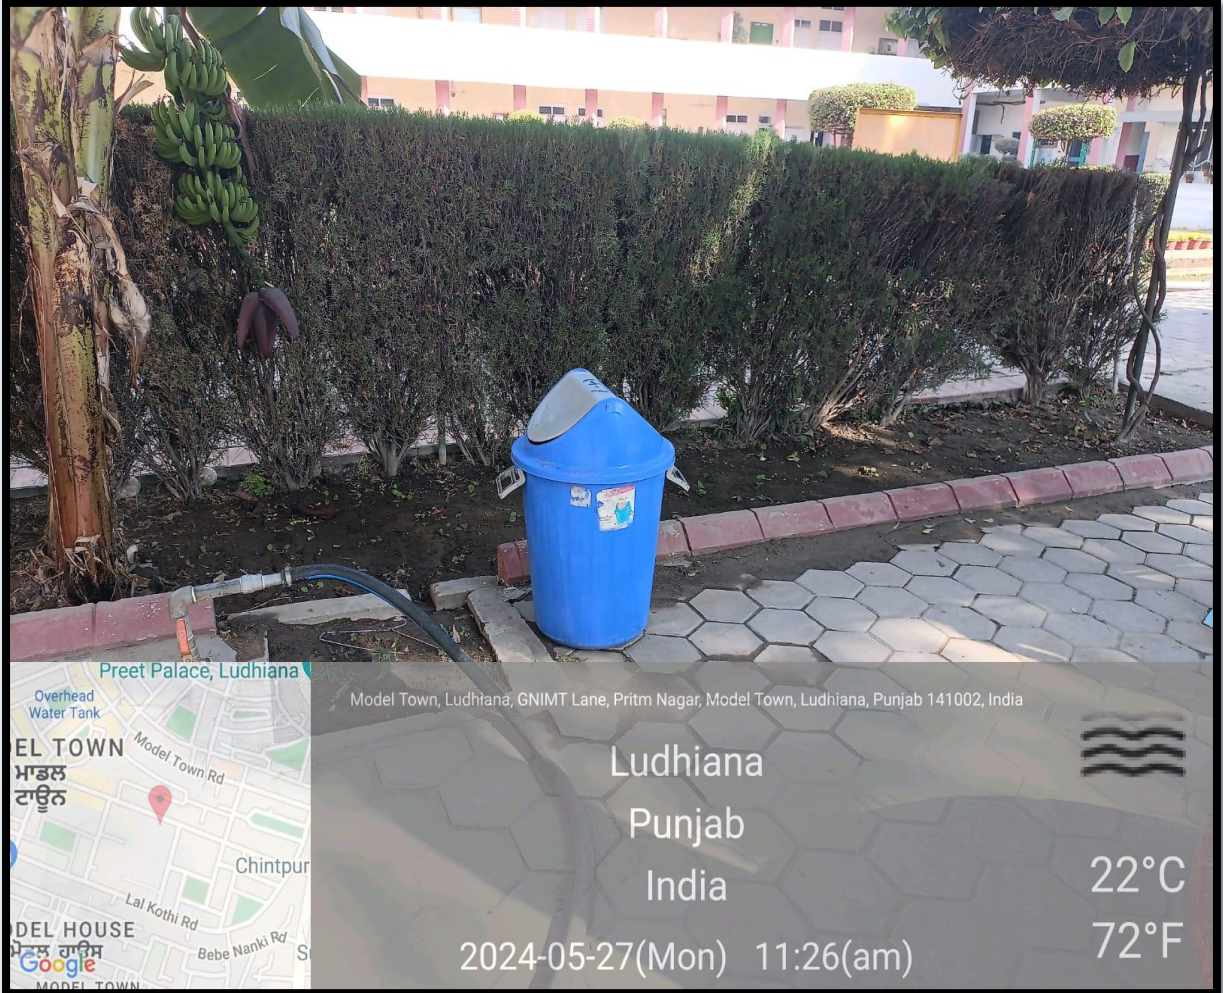

Waste pollution can be detrimental to everyone's health since it stinks and contributes to the abundance of trash in our neighborhoods. Biodegradable wastes include things like food waste, canteen garbage, toilet trash, etc. Plastic, tins, and glass bottles are examples of non-biodegradable waste. Certain waste materials, like acids, cleaning products, and lab chemicals, are hazardous to the environment or human health. Garbage generated by each department at Guru Nanak Khalsa College for Women is disposed of in a small rubbish container located within the department. The administrative offices are no exception. The housekeeping staff gathers trash in several dust bins placed throughout each building.

To turn them into fertilizer, a vermicomposting unit needed to transform some biodegradable trash. Biodegradable waste is collected and dumped in the campus composting unit after being separated from the canteen, guest houses, and rooms. This fertilizer promotes the growth of trees on campus. Colleges prohibit the use of plastic, particularly single-use plastics on campus. Vendors handle the disposal of paper trash from academic buildings, libraries, administrative offices, and the wastes are disposed of through vendors for appropriate waste management after being appropriately stacked in the authorized location. Colleges encourage students to use digital platforms instead of paper for communication and document sharing.

For collection of solid waste, dustbins have been placed at various places at the college campus

ACTIVITIES CONDUCTED FOR WASTE MANAGEMENT

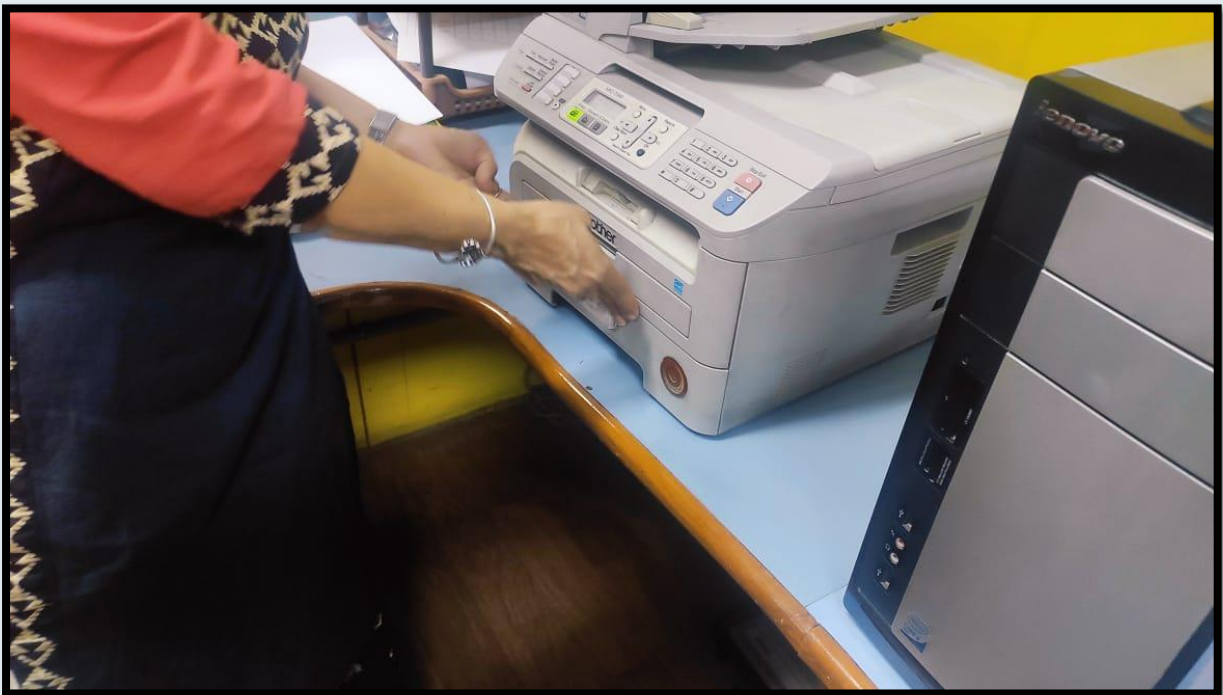

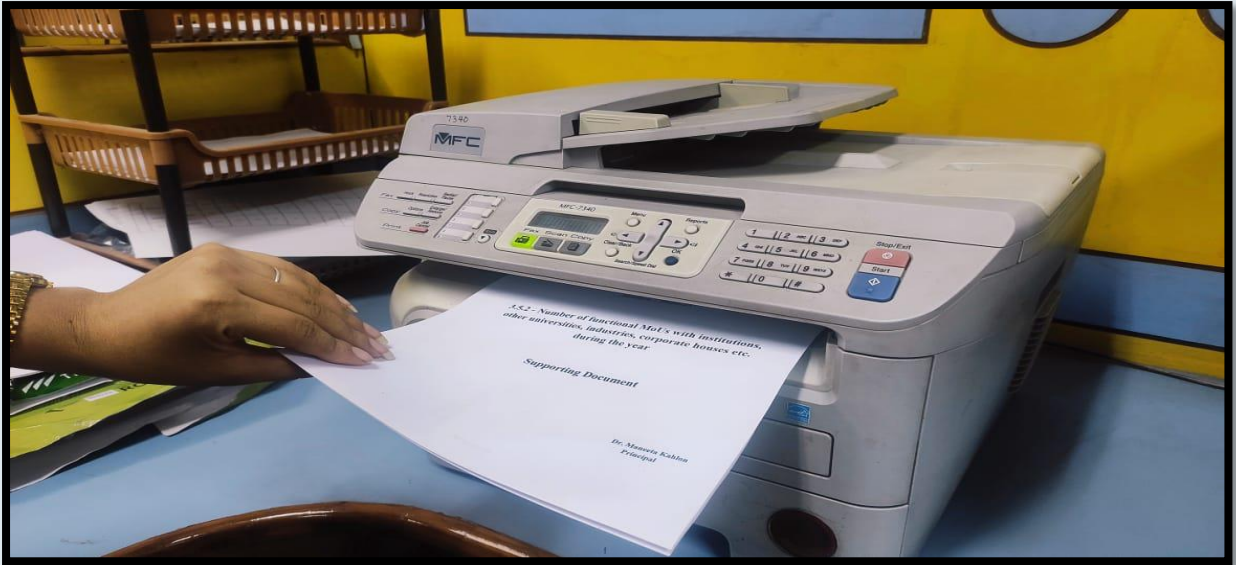

- **REUSABLE OF PAPER TO PROMOTE ENVIRONMENT SUSTAINABILITY AT GNKCW:-**

June 03,2023

A workshop on ‘Reuse of paper to promote environment sustainability’ was organized to promote the principles of reusing, reducing, and recycling waste material. Students made beautiful articles like earrings, flower vases from cold drink cans, installation from newspapers, envelopes, painting decorations from empty paint buckets, decorative items from empty milk bottles and other useful items from waste material.

- **To observe International Plastic Bag Free Day**

July 04,2023

The college observed the International Plastic Bag Free on July 04, 2023. This day is celebrated annually on July 3 to create awareness about the hazardous effects of single-use plastic bags on the environment. The day also serves as a reminder for individuals and communities globally to decrease their reliance on plastic bags and look for sustainable solutions as an alternative

- **Nature conservation Day celebrated at GNKCW**

On this occasion, a pledge was taken where the students vowed to plant trees for their future generations. This activity was conducted under the guidance of Incharge Eco club Dr of. Parveen Arora and Mrs. Gagneet Pal Kaur.

- **Swachhata Sarvekshan 2023 at GNKCW**

August 14,2023

Eco / Green club of the college participated in Swachhata Sarvekshan 2023 in collaboration with a team from Municipal Corporation Ludhiana. Students and faculty members expressed their views on Swachhata ratings through an app regarding the sanitation and other amenities in Ludhiana. Madam Principal Dr. Maneeta Kahlon appreciated the support and cooperation of the students.

- **Swachhta Pakhwada Program initiated at GNKCW**

September 1, 2023

Under the aegis of Internal Quality Assurance Cell, Guru Nanak Khalsa College for Women today initiated the Swachhta Pakhwada Program. The program is a part of Swachhta Abhiyaan which started with the objective of bringing a fortnight of intense focus on the issues and practices of Swachhata. Under this program, an oath taking ceremony was held today in the college premises. The students took the pleader to keep their surroundings and themselves clean under the able guidance of Dr. Parveen Arora and Mrs. Gagneet Pal Kaur.

Extension Lecture during swachhta pakhwada celebrationat GNKCW

September 11, 2023

Under the aegis of Internal Quality Assurance Cell, Guru Nanak Khalsa College for Women today organized a lecture as part of the Swachhta Pakhwada Celebrations. The topic of the lecture was, “The Role of Fruit Plants in Environmental conservation.”

The resource person on the occasion was Dr. Gagandeep Kaur, Senior Horticulturalist, PAU, Ludhiana. She talked about the nutritional value of fruits and vegetables and motivated the audience about growing their own fruits and vegetables so that they can avoid the harm created by fruits and vegetables purchased from the markets.

- **International Day for Preservation of Ozone Layer observed at GNKCW**

September 16, 2023

The day is celebrated commemorating the date when the Montreal Protocol on substances that deplete the Ozone Layer was signed in 1987. The purpose of this activity was to raise awareness among students to save the depletion of ozone layer. Dr. Parveen Arora explained the students about various reasons of ozone depletion and encouraged them to limit the use of air conditioners for its prevention.

- **Celebration of World Environment Health day**

On this Occasion 'Bird Feeder making' competition was organized. The competition was held among the students of all streams and 14 students participated in the same. Students made beautiful and functional bird feeders by using discarded or unused material at their homes. Developed articles can be used for keeping food and water for birds, in gardens, roofs and courtyards. The activity was conducted in order to raise awareness about conservation of flora and fauna in our environment, among the students.

- **SAY NO TO PLASTIC Activity (by NCC department)**

September 26, 2023

NCC Ludhiana HQ, 3 PB Girls Bn NCC Ludhiana NCC wing of college organized “The Swachhata Hi Seva “(SHS) campaign is a nationwide initiative aimed at promoting cleanliness and hygiene across India. Under the banner of this campaign, a cleanliness drive was organized at Guru Nanak Khalsa College for Women Model Town ,Ludhiana on September 22,2023. The objective was to create awareness about cleanliness and engage the youth in contributing to a cleaner and healthier environment. A total of 32 enthusiastic NCC cadets from the college participated in the cleanliness drive. Cadets were participated in slogan writing ,poster making and rally.

Cleanliness Drive at GNKCW

October 1, 2023

The program is a part of Swachhta Abhiyaan which started with the objective of bringing a fortnight of intense focus on the issues and practices of Swachhata. Under this drive, volunteers, Faculty members and supporting staff participated in the cleanliness activities in the college premises. The students took the pleader to keep their surroundings and themselves clean under the able guidance of Dr. Parveen Arora.

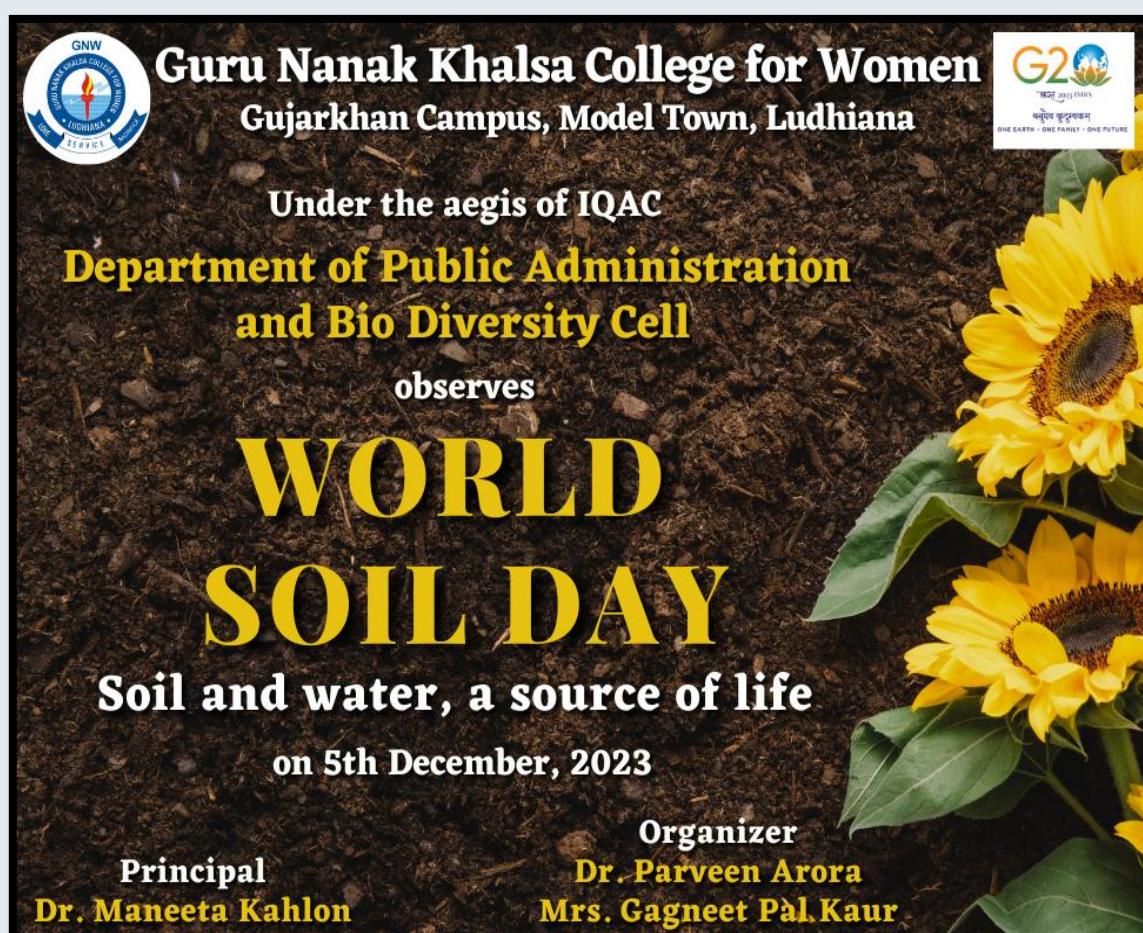

- **GNKCW observed World Soil Day**

December 05, 2023

A lecture was organized and delivered by the Head of the Department of Public administration, Dr. Parveen Arora, in which she apprised the students about the importance of soil for growing healthy fruits and vegetables. The activity was convened by Mrs. Gagneet Pal Kaur, Assistant Professor, PG Department of English.

The poster features a dark brown soil background with several bright yellow sunflowers on the right side. At the top left is the GNW logo, and at the top right is the G20 logo with the motto 'THE EARTH - ONE FAMILY - ONE FUTURE'. The text is centered and reads: 'Guru Nanak Khalsa College for Women, Gujarkhan Campus, Model Town, Ludhiana. Under the aegis of IQAC, Department of Public Administration and Bio Diversity Cell observes WORLD SOIL DAY. Soil and water, a source of life on 5th December, 2023. Selling of waste to COSMOS RECYCLING

May 24, 2024

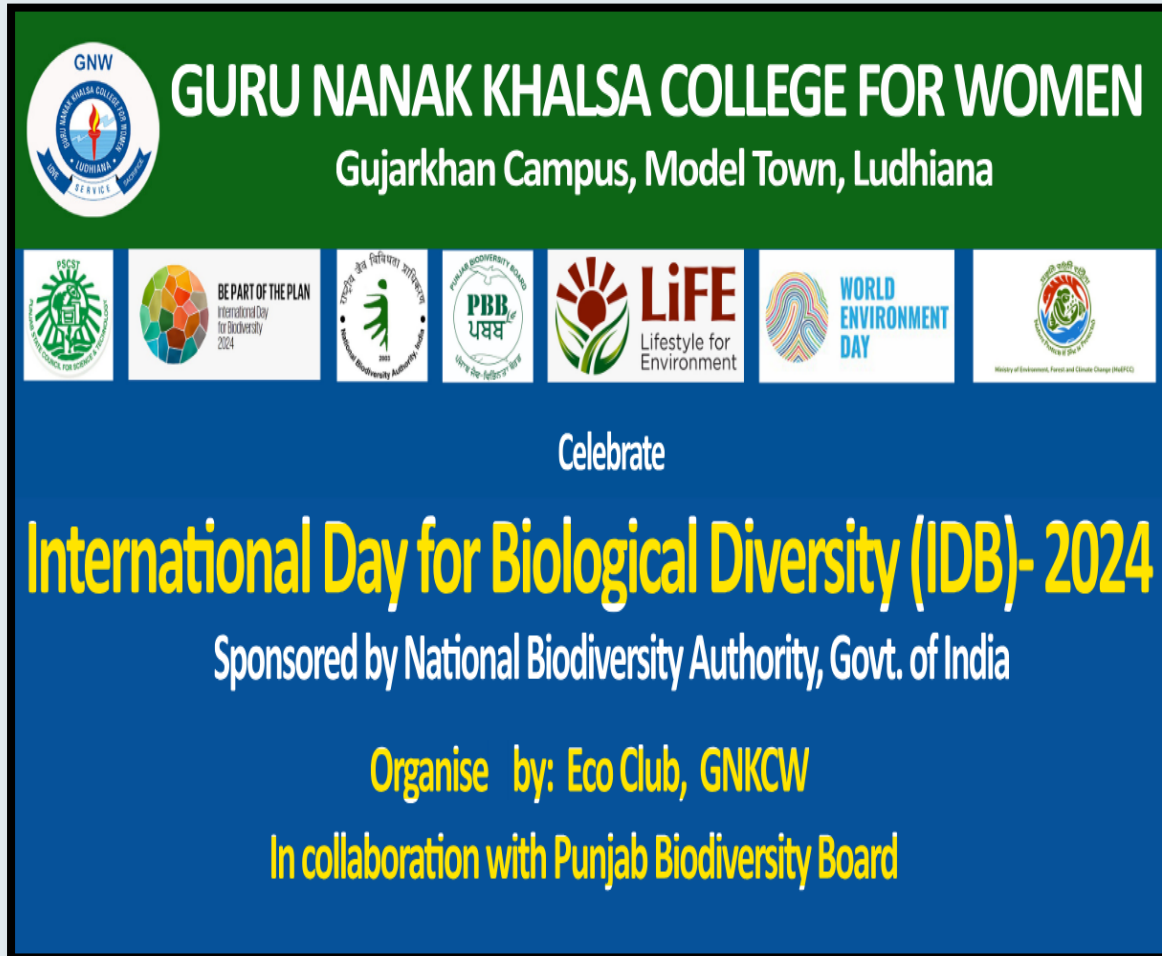

With an aim to make our campus scrap-free, an organization named **COSMOS RECYCLING** was approached, and available old water coolers and other electrical scrap were sold. After selling, Rs 16,865/- were obtained from the agency, which were received as online payment on the day of selling waste.

International Biodiversity Day and World Environment Day celebrated at GNKCW

May 29, 2024

International Biodiversity Day and World Environment Day were celebrated in the college campus. This collaboration received support from the National Biodiversity Authority and the Ministry of Environment, Forest, and Climate Change, Government of India.

The prize distribution ceremony for the Poster Making and Slogan Writing Competition on environmental conservation was a vibrant celebration of creativity and commitment to our planet. A signing campaign from May 24th to May 29th, 2024, invited attendees to pledge their support for environmental protection. With pens in hand and determination in their hearts, each signature symbolized a promise to embrace eco-friendly practices.

The poster features a green header with the GNW logo and the college name. Below this is a row of logos including PSCF, 'BE PART OF THE PLAN', National Biodiversity Authority, PBB, LIFE, World Environment Day, and the Ministry of Environment. The main body is blue with the event title and organizing details in yellow and white text.
